Hi All,

I am very sorry as well, I have been tied up with some issues with students. I will not be able to call in.

Hello all-

I apologize for missing this meeting. I was on another call that ran late, and when I tried to call and Skype into this meeting just now it says the leader has not arrived.

I'm happy to participate in this group when possible! In the PCB Program in R10 we are really trying to figure out how to tackle this issue, and I would love to learn more about your efforts.

Take care,

Michelle Mullin | PCB Coordinator

Hello Everyone.

Enough of you had schedule conflicts for tomorrow (where does time go!!) that I found the next best date for a meeting – this Friday at 10 am. I hope this date works better for the majority of you. The phone number for those of you calling in is below.

The primary purpose for this meeting is to develop a scope of work to spend our \$10,000 budget - \$5k which needs to be spent by the end of this June! Other agenda topics include:

- Finalizing the draft workplan from Jan, 2017
- Follow-up from road paint discussions
- Outreach memo
- Other?

Attached are the notes from our October 27th meeting.

Thanks for your patience with me! I look forward to talking with you on Friday!

Karin
